

BLACKALL MARKET REPORT

13th MARCH 2025

Blackall combined agents yarded 1318 head at their fat and store sale. In what can be best described as a very mixed quality yarding, good quality fat and backgrounder cattle were firm in line with all other Queensland centres. The disruption caused in the processor and feedlot market by Cyclone Alfred did affect the numbers of feeder and fat cattle penned. The next Blackall sale will be held on the 27th of March. This will be a Weaner, Store and Fat sale.
